FORD BID STAYS WITH MILITARY COMMITTEE Power Unit Contracts Are Held Non-Enforcable

MRS. EDMUNDSON URGED BY FRIENDS TO GET INTO RACE FOR CONGRESS JOB

Local Woman May Be Candidate
For the Democratic
Nomination

ARDENT ADVOCATE OF
GOOD ROADS MEASURE
Has Had Wide Experience With
The Problems Of The
Farmer

The possibility that the Eighth district may be the first district from the solid South to be represented in congress by a woman loomed today when it became known that Mrs. W. B. Edmundson, one of the best known women in the state, has been approached by a number of friends who urged her to make the race for the Democratic nomination from this district.

Mrs. Edmundson, however, has not made up her mind whether to enter the race or not, and declined to state today what her attitude would be toward the campaign.

Mrs. Edmundson has had much practical experience in the affairs of the farm, conducting the large Wilder Place plantation here for many years. She is acquainted with all of the problems of the farm and by extensive travel has had the opportunity for unusual study of other problems, as well.

She is an ardent advocate of good roads and was a member of a committee which appeared before congressional committees in Washington some time ago in the interest of federal appropriations for aid in highway construction in Alabama and other states of the Union. The advice she gave the committee was declared to have been of great aid to the committee in arriving at its conclusions.

Escaped Convicts Are Recaptured

MONTGOMERY, Ala., Feb. 10.—Jake Wynn and Frank Irvin, state convicts, who escaped with Leroy Sinclair from Speigner prison two weeks ago, were captured at Pass Christian, Miss., Tuesday while attempting to rob a store, according to information received by the convict department today. Sinclair was killed when deputies attempted to arrest him. Two other convicts who escaped at the same time were recaptured.

Wynn and Irvin are held in jail at Gulfport, Miss., and officers will bring them to the state prison at once. Wynn was convicted of burglary in Russell county in 1921 and given two to three years. Irvin was convicted of grand larceny in Mobile county in 1921 and given two to three years.

Roger W. Babson Is Suddenly Ill

MONTGOMERY, Ala., Feb. 10.—Roger W. Babson, of Boston, internationally known financial statistician, who arrived in Montgomery yesterday to spend the day, was taken from the train to a local hospital because of illness which attacked him on the Pullman from Florida. Mr. Babson will remain in the hospital for a few days, but the announcement was made that his condition was not serious.

He was attacked with a chill during the night and it was thought best to place him in the hospital in order that he might be treated by physicians. A committee of the chamber of commerce met him at the station and plans had been made to show him through the city during his short stay in Montgomery.

Mr. Babson is on a lecture tour through the South and is accompanied by Mrs. Babson.

Author of Movie Censorship Bill Scores "Orgies" of Film World Urging Acts Adoption

By HON. HENRY L. MYERS
U. S. Senator from Montana.
Author of the Bill for National
Censorship for Films.
Written for the I. N. S.
WASHINGTON, Feb. 10.—The motion picture industry again has been flung into the limelight by the startling murder of William D. Taylor, a motion picture director at Los Angeles.

With the tangled love affairs behind this tragedy and the recent Arbuckle orgy and the resultant satanic trials of that comedian, public sentiment is becoming aroused to the needs of federal supervision of the motion picture industry and censorship of films.

The veil that has screened the characters who furnished the scenes depicted in films now being exhibited daily to millions of women and children, is being swept aside and the character of the people who are used to get millions of dollars

from the people is being exposed. We learn what sort of people are used by the motion picture magnate. Free-love, drunken orgies, plots of envy and jealousy that lead to death and murder and destruction are not inviting fountain heads from which to draw amusement, entertainment, education and recreation for our growing generation, the future citizens of this republic.

The situation points to official censorship and urgently necessary precautions. Public sentiment is demanding that the moral tone of pictures exhibited be elevated and there is good grounds for the demand. I have introduced in the senate a resolution calling for an investigation of alleged political activities of the motion picture industry. In light of the recent development at Los Angeles, it would be well for this investigation to be carried out.

JOHNSON SEEKS MODIFICATION OF DISCHARGE ORDER

(International News Service)
WASHINGTON, Feb. 10.—Indicting of the government as "the most merciless, inhuman and unreasonable" of all employers, William H. Johnston, president of the international association of machinists, today declared he would carry to the white house his protest against the "unethical" action of the navy department in dismissing 20 per cent of the personnel of the navy yards.

Sixteen thousand machinists in government yards will be affected by the order of the Secretary of the Navy and sympathetically it will affect 35,000 workers in other trades and ultimately militate against the well-being of more than 100,000 workmen engaged in private plants, Johnston declared.

Johnston said that he is negotiating today with the assistant secretary of the navy to secure easement of the department's drastic discharge order. If no promise or action is forthcoming, he said the matter would be presented to the Secretary of the Navy and in all probability direct to President Harding, unless the order is rescinded or modified greatly.

ROADS INTEREST RURAL DISTRICTS

That the general public is greatly interested in the roads of the state is noted in the fact that parties from the rural districts are already making inquiry of the county officials in regard to the proposed roads. There is a splendid feeling extant all over the state and this county is not an exception. There is every reason to believe from the remarks of those who live in the country districts that every assistance possible will be accorded the officials when the work is actually under way, and from the remarks there will be a fine spirit of co-operation.

PRISONER HOPES TO BE FREE WHEN HE IS 98

(International News Service)
JOLIET, Ill., Feb. 10.—Wesley Johnson, the oldest prisoner in the United States, sentenced to life imprisonment at the age of 78, has been awarded a commutation of sentence to 20 years. He is now 84 years old. Johnson, a negro, is convinced that he will live to the end of his term, 14 years hence.

COMMITTEE STILL HUNTING FOR WAY TO PAY A BONUS

(International News Service)
WASHINGTON, Feb. 10.—The house ways and means committee worked on the features of the soldier bonus bill today, hoping to have its new schedule of special levies completed by tomorrow night.

On Monday Republican members of the committee expect to meet with the senate finance committee to secure an agreement on the tax schedules which have been formulated to raise revenue for the bonus.

Republican members of the house committee have already agreed to put taxes on gas, automobile, stock and bond transfers, real estate transfers, tobacco, cigarettes, theatre tickets, inheritance and gifts and have abandoned the suggestion for taxes on bank checks, excess profits, tea, coffee and an increase of one cent on first class mail.

Some new sources of revenue may be found and others already agreed upon may be dropped before a schedule finally is completed.

EXTENSIVE NOTICE OF EXPOSITION

The Manufacturers Record, which is published in Baltimore and has a world-wide circulation, has an article in this week's issue about the exposition to be held in Albany-Decatur. The Industrial Index, published at Columbus, Ga., has given the coming exposition and the advantages of the Twin Cities extensive notice in their journal of February 1.

The exposition and local advantages are receiving world-wide notice. The chamber of commerce and the Kiwanis club may well feel gratified over the results being obtained through the industrial development campaign and exposition.

House Destroyed By Fire Thursday

An alarm at 11:45 Thursday morning occasioned a run being made by the Albany fire department to 18th Avenue East. The house was a total loss and was falling in when the department arrived. No one occupied it, and it was the property of L. B. Wyatt. It would have been impossible to have fought the fire as there were no fire plugs available in that section of the city.

AGED WOMAN DIES OF BEATING GIVEN BY ASSAILANT WHO MADE HIS ESCAPE

Mrs. Susan Mastin, Aged 73,
Fatally Wounded At
Davenport Plantation

HOUNDS TAKE TRAIL
TO NEGRO'S HOME

Posses of Citizens Are Assisting
Sheriff's Forces In The
Search

MONTGOMERY, Ala., Feb. 10.—Mrs. Susan Mastin, 73, who on Thursday afternoon was assaulted by an unknown assailant who beat her with a club, died here at 12:30 this morning.

At noon today no clue had been found to Mrs. Mastin's assailant, although one negro, who gave his name as Gus Jones, was being held on suspicion. Bloodhounds carried the trail to Jones' house, which is located a short distance from the Davenport plantation where Mrs. Mastin lived.

The hounds could not straighten out the trail owing to weather conditions. The assailant opened a safe in the adjoining room after beating Mrs. Mastin and secured ten dollars and a watch belonging to the aged woman.

Mr. Davenport, a brother-in-law, at whose home the assault took place, stated that this is the second time within two months that attempts have been made to rob his home. The first time his barn was set afire and while he and his family were fighting the flames, someone attempted to rob his safe.

Poses of citizens are assisting the sheriff's forces in scouring the country for the murderer. Feeling is running high. Mrs. Mastin will be buried this afternoon at Mount Carmel.

Big Sales Begin On Saturday Morn

The Daily carries today two half page advertisements, one for M. E. Woodward, 418 Bank street, Decatur, the other being that of Ziff's Cash Store, located at 407 Bank street, Decatur.

A careful perusal of these advertisements will reveal the fact that these merchants have some attractive prices to offer the public in seasonable merchandise.

J. A. Keeman Is Still Unimproved

A message late Thursday from Mr. and Mrs. Henry Hartung conveyed the information that J. A. Keeman was momentarily expected to die as the result of a fall received several days ago. Mr. and Mrs. Hartung have been at the bedside of Mr. Keeman for the past three days at Tusculum. They will not return until a change for the better or worse comes.

Funeral Services Be Held Saturday

Funeral services for W. I. Hicks, who died yesterday at his home here, will be held Saturday afternoon at 2:30 o'clock at the Central Baptist church, Rev. W. P. Wilks conducting the services. Interment will be made in city cemetery.

The following active pall bearers will be in charge: W. R. Johnson, A. J. Haltman, James F. Cain, D. L. Blackwell, Davis Hodges and David Gibson.

GAME HOUR CHANGED

The hour of starting the basket ball game between the girls of Decatur and Florence high schools has been changed from 10:30 o'clock Saturday morning to 9:20 o'clock.

MABEL NORMAND TO BE QUIZZED AGAIN IN PROBE OF FILMLAND MURDER SENSATION

World Famous Actress Expected
to Be Interrogated By
District Attorney

IMPORTANT CLUES IN
MYSTERY ARE REPORTED

Mrs. McLean Says Man Leaving
Taylor Home Was Not
Sands

(International News Service)
LOS ANGELES, Feb. 10.—Mabel Normand, world famous actress, is scheduled to be thrust forward today in an even more important role than she had heretofore occupied in the probe of the mystery of William Desmond Taylor's death.

Miss Normand, who, so far as known, is the last person to have seen Taylor alive, is expected to go before District Attorney Woolwine and tell him all she knows concerning Taylor.

Woolwine this morning issued a denial of the rumor that Miss Normand had made a signed statement to the authorities in which she had admitted she went to the Taylor home the night of the murder to get letters and telegrams she had written to the director.

An unconfirmed rumor was in circulation today to the effect that Mary Miles Minter, another film star, who was friendly with Taylor, had been interrogated by representatives of the district attorney three days ago.

At police headquarters, it was reported this morning that investigators believe they have some important clues in connection with the revolver with which Taylor was slain. It was declared the detectives may develop leads as a result of this information that will show where the revolver was bought and reveal the identity of the purchaser.

Mrs. Douglas MacLean, wife of the film star, cleared up an important point when she said the man she saw leaving the Taylor home a few minutes after a shot had been heard was not Sands. It became known today that Taylor, the day before he was shot down, had withdrawn \$2,500 from a bank. The afternoon before he was killed the director returned to the bank and re-deposited the money. From this discovery investigators have given serious consideration to a theory that Taylor's slaying may have been the outgrowth of a blackmail plot.

Albany Winner Over Hartselle

The Albany high school basketball squad yesterday afternoon defeated Morgan county high on the local court in one of the fastest games ever played here, resulting in a score of 18 to 17. Hartselle led up until the last ten minutes of play, when the Purple team finally found itself and rang goal after goal.

The Albany girls' team defeated Austinville girls yesterday 9 to 1 in a preliminary game before the Albany-Hartselle match.

More Buildings For Twin Cities

It was definitely learned today that more arrangements are being made to construct residences at different points in the Twin Cities. From all indications, the coming spring will find these two cities in the midst of a building boom akin to other days. The idea is advanced that building material is now perhaps as cheap as it will be for some time to come, and this is responsible to a great degree for the building that is now in course of construction and others that are planned.

Wife Demands Rival Take
Husband in Love Test

Mrs. Jessie D. Blackstone

Mrs. Jessie D. Blackstone, of Melrose Highlands, a suburb of Boston, has offered Mrs. A. F. Maycan her husband for a six months' trial. At the end of that time Mrs. Blackstone will ask her husband to make a final choice between her and the woman who has caused the family breach. Mrs. Blackstone will leave her home to her husband and Mrs. Maycan and expects them to look after her children.

SERVICE PLEDGES SAFETY OF SEQUOIAS

WASHINGTON, Feb. 10.—No living sequoias have ever been cut by the Forest Service and no one need fear that the service will consent to the sacrifice of a single tree of this species for commercial or utilitarian purposes.

This statement was made today by Col. W. B. Greeley, chief of the Forest Service, United States department of agriculture. It is a reply to recent editorials that are apprehensive of the fate of certain giant sequoias in California, which pending legislation proposes to turn over to the administration of the Forest Service.

"It is not generally known," Col. Greeley continued, "that already several thousand members of this royal tree family stand within the National Forests of California. The sequoia forest contains many splendid specimens. East of Hot Springs, Cal., is a group representing the most southern occurrence of the species. This grove is unique in that it contains all stages of growth from seedling to lofty veterans whose age probably antedates the Christian era by 1,000 years.

"Long ago the Forest service decided that these trees, the oldest of living things, contribute more to human progress and welfare in their present condition than they could possibly contribute as lumber. It has therefore been the invariable rule since the creation of the Forest service 17 years ago that no sequoias shall be cut from National Forest land."

ROAD ACCEPTED BY GOVERNMENT

The road from Fish Pond Springs to Wheeler, built by O. C. Goodrich, has been accepted by the United States government, it was announced today.

The road is an important link in the highway from the Twin Cities to the Tri Cities and hopes were expressed here today that other links would be completed at once in order that an up-to-date road may be maintained between the two extremes of the Muscle Shoals district.

The highway was built with the aid of funds from the government, accounting for the government's interest in the contract. The link is one of the best stretches of road in North Alabama.

JURISDICTION FIGHT CALLED OFF; BEACH HAS A BOOST FOR HENRY FORD OFFER

Takes Issue With Secretary
War On Length of
Lease

INDUSTRIAL CENTER
IS HIS PREDICTION

Believes Market Will Be Found
For All The Power
Developed

(International News Service)
WASHINGTON, Feb. 10.—Contract between the federal government and companies now operating the nitrate and power plant at Muscle Shoals, Ala., are not enforceable and will in no way interfere with the government leasing of the project to Henry Ford or any other private enterprise, Col. John A. Hull, acting judge advocate general, testified before the house military affairs committee this afternoon. The companies affected by Col. Hull's ruling are the Alabama Power company, the Air Nitrates corporation and the American Cyanamid company. All hold option rights to purchase part of the property and are now working.

WASHINGTON, Feb. 10.—The fight of the house agricultural committee to secure jurisdiction over the various claims for disposal of the Muscle Shoals property will not materialize, it was learned this afternoon.

Following a conference between Chairman Kahn, of the military affairs committee, and Republican members of the committee it was understood that agricultural leaders of the house had agreed to permit Kahn's committee to proceed with its consideration of the Ford offer.

The possible lack of a market for nitrate and power developed at Muscle Shoals should guide congress in its decision to dispose of the government's holdings there, Major General Lansing Beach, chief of army engineers, today told the house military affairs committee when it resumed consideration of the Ford offer.

"Memphis is the likely and immediate market for power developed at Muscle Shoals. For that reason and for the fact that a new market must be found and that business conditions must be bettered congress should carefully consider the advisability of whether conditions are not such as to justify an exception to the rule in leasing this property," General Beach said.

Beach again cautioned the committee against accepting too readily the suggestion of Secretary of War Weeks that 50 years and not 100 years should be the term for leasing the uncompleted project to Ford. Secretary Weeks had already asserted that the granting of a lease of more than 50 years duration would be "bad government policy."

"With other power men in the South, these men practically told me that I was wasting my young life in seeking an offer for developing Muscle Shoals," General Beach added.

Answering questions of Representative Quinn, of Mississippi, the witness testified that if the Muscle Shoals development was permitted to lie idle, he admitted it would cost the government about \$8,000,000 to make the Tennessee river navigable.

General Beach declared it his belief that Ford, if his offer is accepted, would build additional dams on the Tennessee river above Chattanooga for development purposes and that the entire section in the vicinity of Muscle Shoals would undergo great industrial growth.

Most of the remainder of General Beach's testimony was a technical discussion of the engineering phases of Shoals development.

Belief that developing Muscle Shoals should extend over a long period of years was expressed.

THE AVERAGE CITIZEN AND THE PRESIDENT ON THE DISARMAMENT MEET.

As to the results of the disarmament conference, the average citizen understands in a vague sort of way, that it has been agreed that no more billions of tax money are to be paid for keeping up the race in naval ships and armaments. He hopes that the agreement will be kept in good faith, the Henry Ford or some body, will buy up as scrap the great floating fortresses, called capital ships, and that he can spend his money otherwise than in maintaining a great navy.

He understands that the treaty between England and Japan and the United States has taken the place of the Anglo-Japanese treaty, and that now Japan cannot bring England into a war against us. These are about all the sure results, that the average citizen expects from the disarmament conference. President Harding, on the other hand, makes much more ambitious claims. He says in the outset that what the conference did is as yet receiving "scant appreciation". But he adds that he is "sure the people of the United States are supremely gratified." He declared that the torches of understanding now lighted should "glow and circle the globe." He says that "understanding brands armed conflict as abominable in the eyes of enlightened civilization." He says a challenge has been given to "the sanity of competitive preparation for each others destruction." He declares the conference has written "the first deliberate and effective expression of great powers, in the consciousness of peace, of war's utter futility." The President declares that "indictments of national dishonor have been drawn, and the world is ready to proclaim the odiousness of perfidy or infamy."

While hoping the claims of Mr. Harding are literally as he expresses them, still the average citizen regards them as among those prophecies that may fail.

MR. FORD REGULAR IN RELIGIOUS MATTERS.

A recent interview obtained from Henry Ford about the time he bought out a bankrupt automobile company reveals him as a regular, so to speak, in religious matters. And his father, before him, was an officer in one of the prominent churches in Dearborn, Mich., the home town of the Fords. At present Mr. Ford is a member of one of the large churches of Detroit. His interviewer states that the auto magnate obtains from both liquors and tobacco, that he avoids Sunday work, and has his trains stopped on the D. T. & I. R. R. on Sundays.

"Henry was raised on the prayer book and the catechism," the interviewer states. It was when the subject of the purchase of the bankrupt auto company was being discussed, that Mr. Ford is represented to have suddenly remarked referring to the part he played in the deal "that is a case of the sermon on the mount." He then declared that he did not need the motor company, but that he felt like it should not be closed down. Later on in the interview Mr. Ford said he did not need Muscle Shoals, but that he saw great possibilities for service to mankind in developing the project. Asked what his creed was Ford, replied in effect that it was the "Sermon on the Mount," and added that he thought that sermon was the right creed for everybody—a contention that nobody will feel inclined to dispute.

"In what way should religion be expressed?"

Mr. Ford was asked—"Service" he replied without hesitation. Continuing he said:

"Help others to be prosperous and happy, not by giving money alone, not only teaching them a better way but also providing the facilities.

"Service is the only thing worth while. What satisfaction is there in piling up a lot of money or in getting power just for the sake of having it?"

"I don't need Muscle Shoals but I see there a great opportunity to aid people all over the United States. It is a big undertaking, but I think it is worth while.

"I believe in expressing my religious feeling through constructive industry. Create better conditions. Make more opportunities for profitable employment. Remove hindrances and restrictions.

"My reason for advocating currency based on property in place of gold is to help people to get work and make a living. That is what I mean by service."

Mr. Ford declared that the Sermon on the Mount "shows people how to live right on this earth and we need a lot of preaching of that sort." Perhaps no single individual ever gave such wide publicity to the claims of the Sermon on the Mount, or aroused so much interest among all classes of people in that most remarkable of all discourses. Some of the most familiar and striking parts of this sermon are found in the 5th chapter of St. Matthew, beginning with the 3rd verse and ending with the 11th, inclusive. These verses are as follows:

Blessed are the poor in spirit: for their's is the Kingdom of Heaven.

Blessed are they that mourn: for they shall be comforted.

Blessed are the meek: for they shall inherit the earth.

Blessed are they that do hunger and thirst after righteousness: for they shall be filled.

Blessed are the merciful: for they shall obtain mercy.

Blessed are the pure in heart: for they shall see God.

Blessed are the peacemakers: for they shall be called the children of God.

Blessed are they which are persecuted for righteousness' sake: for their's is the Kingdom of Heaven.

Blessed are ye, when men shall revile you, and say all manner of evil against you falsely, for my sake.

To be as helpful as we can, and ask kind to others as you would have them be to you is a happy and pleasant policy to carry along as we rustle along in a world of hurry.

Business concerns draw on the reserve to meet the budget of business. Governments increase taxation of ten to the excessive point to meet expenditures of government.

How many other points of approach will be sought by those in authority before they even prepare to approach the great issue of the people and Ford. It would seem that the longest way round is being sought, when there is an easy and short way of approach.

They who get in a rut usually stay in one. Strive each day to different things, new things, and in this way one will stay out of the rut. Getting in a rut is a bad habit. A wagon in a rut is doubly heavy for a team to draw. Likewise a human frame in a rut retards the producing power of that individual and renders his efforts less effective. Stay out of the rut. Chart new avenues of endeavor. It may be that one can only find one each day; this will keep one out of the rut.

Speaking about the amount of land needed Luther Burbank says: "A thousand acres for an Indian, a hundred acres for a farmer, ten acres for an orchardist, one acre for a good market gardener, half an acre for a flower or seed man, and for an experimenter like myself, a graveyard lot will do."

If English sterling don't get back to where it has real worth soon, its name should be changed.

POEM

Only a candle lighted the hall—
A villain crept along the wall;
From his breast a knife he drew
And stabbed into an oyster stew.

The reason why some wives never
go through their husbands pockets
looking for change is because they
know all the poor books have is the
carfare they are permitted to hold
out from their week's pay.

The divorce evil is getting bad, but
it won't bring the nation to "free
love"—not while the lawyers are able
to make out their bills.

Men of Note
A man of praise
Is Bill McGee,
He eats a silent
Celery.

A man to praise
Is Percy Pest,
He never slobbers
On his vest.

A man of note
Is Rastus Horn,
He is graceful
Eating corn.

The man whose horn
We're going to toot,
Is the gink who
Passes up grapefruit.

When a woman takes a man for better
or worse, it usually is worse for
the man.

Just So
"Go slow on the hooch, son," said
the baseball captain. "It may be all
right for an outfielder to be wild, but
not for a pitcher."

When a town boasts these days that
its jails are empty, it is merely hand-

ling a left handed compliment to its
police force, remarks the cynic.

Marriage—the idea that after a
woman has lived with one man for a
while she will not care for others.

"The perfect woman" has been dis-
covered at Wellesley. Let's see, just
what Alabama girls are attending
Wellesley?

Charles G. Dawes is said to be the
man who put "budge" in budget. If
he will now show us how to put the
"get" in the domestic budget we will
thank him.

Just watch a little wind storm
Breeding in and out;
Just the same, it isn't
Much to blow about.

A Chicago food expert says that
there is 400 per cent profit in a 70-
cent ham sandwich. This may be, yet
we know of no more filling food to be
bought anywhere for a dime.

Speaks Highly of This Home Made Cough Remedy

Says It Acts With Unusual
Speed—Loosens the Mucus—
Relieves the Irritation and
Stops the Cough

COSTS NEXT TO NOTHING—FOR A BIG SUPPLY

Whenever anyone in my family
catches cold and begins to cough and
sneeze, and hawk and breathe heavy,
it doesn't take me many minutes to
fix up a remedy that will drive away
all such troubles in double quick time.

It's no secret—anyone can make a
half pint of the finest cough medicine
in the world for a trifling sum.

Get from any druggist one ounce of
Parment (double strength)—to this
add a little granulated sugar and
enough water to make one half pint—
that's all there is to it.

But now you've got a real medicine
—mind you—the first spoonful you
take acts directly on the membrane of
the throat and nose, the tickling ceases
almost instantly—the inflammation
begins to disappear—up comes the
stubborn mucus and often in 24 hours
every trace of the cough that fright-
ened you is gone.

It's really remarkable how this home
made remedy acts on the mucus mem-
brane and that is one reason it is so
helpful to thousands of catarrh suf-
ferers.—Advertisement

666 is a prescription for Colds,
Fever and LaGrippe. It's the
most speedy remedy we know.—

LET THE ALBANY-DECATUR DAILY JOB DEPT. FIGURE ON YOUR PRINTING

Goes Farther

A can of Calumet Baking Powder will make more pies, cakes, biscuits, muffins, etc. than a can of most other brands.

It lasts longer—goes farther because it contains more than the ordinary leavening strength—therefore you use less.

When a recipe calls for two teaspoons of baking powder, use two level teaspoons of Calumet, the results will always be the same—perfectly raised bakings—remember this when you buy baking powder and don't forget that Calumet is the economic buy because it goes farther.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Pimply Skin?

Take MASTIN'S VITAMON TABLETS

Easy and Economical—Results Quick

Of what use are fine features with a pimply, mottled skin, flabby flesh, swollen cheeks, pouches under the eyes, or a careworn, sickly-looking face?

Few men there are now who cannot astonishingly add to their energy and vigor, clear the skin of eruptions and enjoy that splendid firm flesh of a well-built body. Since science wrested from Nature those mysterious life-giving, health-building elements—the vitamins—thousands upon thousands can tell you of the amazing and almost magic-like results from their use.

MASTIN'S VITAMON TABLETS contain not only yeast vitamins, but all three of the precious vitamins—A, B and C—specially concentrated and combined with true ergosterol and the necessary lime salts which your system needs to keep you strong and well.

If you want to quickly clear your skin and complexion, put some firm healthy flesh on your bones, increase your nerve force and power and look and feel far better, make this simple test: First weigh yourself and measure yourself. Next, take MASTIN'S VITAMON TABLETS—two tablets with every meal. Then weigh and measure yourself again each week and continue taking MASTIN'S VITAMON TABLETS regularly until you are satisfied with your gain in weight, "pep," energy and improved appearance.

Insist upon the Original and Genuine MASTIN'S VITAMON TABLETS.

THE ORIGINAL AND GENUINE MASTIN'S VITAMON TABLETS. Fully guaranteed in every respect. At all good druggists.

That Croupy Cough

Coming from the nursery in the "dead hours of the night" calls for quick action and prompt relief for the kiddie, which

Flumonia

will give. Applied at bedtime, Flumonia would have prevented the croup. Keep a jar on hand for just such emergencies—and for colds, sore throat, etc. It's a nice salve to rub with; penetrating; soothing. Relieves congestion; keeps nostrils open and throat from getting dry.

Sold at your drug store—under the V. V. R. Shield which guarantees it good.

Jurisdiction Fight Is Called Off

(Continued From Page 1.)

time was expressed by General Beach. "I understand that Mr. Ford, if given the lease of this property, will establish industrial plants in that section that will be of immense benefit, but the general growth must be slow in the making of necessities," added the witness.

Switching the trend of interrogation Representative Fisher, of Tennessee, obtained testimony from General Beach that the farms in Alabama, Georgia and Tennessee are "sadly in need of fertilizer" that might be manufactured at the Shoals.

Colonel Hull, acting judge advocate of the war department, followed General Beach upon the stand.

The first questions put to him indicated that the committee was desirous of clearing up any doubts as to legal entanglements that might arise through acceptance of the Ford offer.

STEADWELL TESTIFIES

MONTGOMERY, Ala., Feb. 10.—(Special)—J. D. Steadwell, of Atlanta, representative of the southern classification committee, was a witness before the public service commission throughout yesterday. His testimony was in support of the classification proposed by the railroads in lieu of the classifications now in effect in Alabama. The railroads contend that the substitution of the classification they have proposed will equalize the intrastate rates in the southern states and remove discriminations.

BAGGETT NAMED

MONTGOMERY, Ala., Feb. 10.—(Special)—Grover Baggett, of Addison, was appointed a member of the board of registrars of Winston county by the state board of registration today. He succeeded R. I. Young, resigned.

CONFERENCE BEGINS

MONTGOMERY, Ala., Feb. 10.—(Special)—The eleventh annual conference of the Woman's Missionary Union of the Alabama conference, Methodist Episcopal church South, was begun at the Court street Methodist church yesterday and will continue three days. More than two hundred representatives of the various organizations in the conference will be in attendance. Mrs. R. L. Hobdy, president of the conference, was present at the first session and will preside at the meetings.

STOMACH TROUBLES

Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Seymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Lyons, Ind. "I would get very sick at the stomach, and spit or vomit, especially in the mornings."

"Then I began the use of Theodor's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right."

"I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."

When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison.

Theodor's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.

Get a package of Black-Draught today. Insist on the genuine, Theodor's. At your druggist's. NC-143

NOTICE OF ANNUAL MEETING

Of Stockholders of the Alabama Water Company.

Notice is hereby given that the regular annual meeting of the stockholders of the Alabama Water Company will be held in the office of the company in Albany, (formerly New Decatur) Alabama, on Wednesday, March 15, 1922, at 11 o'clock a. m.; at which time the company will elect the Board of Directors and transact such other business as may properly come before the regular annual meeting of stockholders of a corporation in Alabama.

JNO. B. WEAKLEY, President.
EUGENE FIES, Secretary.

COTTON MARKET VALUES LOWER

(International News Service)

NEW YORK, Feb. 10.—Values were lower on the cotton exchange at the opening today influenced by poor cables from Liverpool, the serious political situation in India, unfavorable labor developments in New England, selling by Wall street, concerns, wire houses and some of the local traders. First prices were barely steady at a net decline of 8 to 11 points and later they sold off still further under a continuation of pressure, although there was a fair amount of covering and home trade buying to fix prices. New Orleans also was a buyer here.

MARCONI PERFECTING NEW WIRELESS ALARM

(International News Service)
LONDON, Feb. 10.—A new wireless-operated bell alarm is being tested to take the place, on certain ships, of the usual "S O S" signal.

"Our experiments," said an official of the Marconi Wireless Co., "have proven most satisfactory."

"We have produced an instrument of the 'you touch the button and we do the rest' kind, with the use of which small ships need only carry one wireless operator instead of three."

"Briefly, the instrument is a four-second bell-alarm. By merely touching a key and repeating a four-second beat three times a bell is rung on all similarly fitted ships within a range of a hundred miles."

"The range is by no means final. We hope to extend it to two hundred."

ARE YOU THIN AND RUNDOWN?

A Nutritional Expert At One of Our Leading Medical Colleges Tells How To Overcome Such Conditions.

This is the first time in history that a nutritive food tonic, backed by full approval of world-recognized scientific authority, has been offered to the public. It is called **SUSTO**.

It has transformed thousands of thin run-down anemic men and women, and under-nourished, delicate children into strong, healthy, energetic individuals, all without the aid of medicine. After exhaustive tests with **SUSTO** extending over many months by a nutritional expert at one of our leading medical colleges, he says that he proved **SUSTO** to be valuable for weak, run-down conditions, anemia, lack of strength, loss of weight, and especially valuable during convalescence; and infants, children and grown persons quickly put on weight by its use.

This means that any person may step into our drug store, ask for **SUSTO**, and for a small sum secure a tonic food that bears the stamp of approval of a great nutritional expert, to promote strength, health and energy.

By the use of **SUSTO** you will steadily gain in health and strength, eat better, sleep better, and enjoy the vitality which comes from a properly-nourished body. For sale by S. M. Thompson.—Advertisement.

Danville To Have Phone Exchange

Through Mr. Cassels, the district manager of the Southern Bell Telephone Co., The Daily learns that an exchange is soon to be opened at Danville, and C. G. Stockton will be in charge. The exchange will connect with the Hartselle exchange.

The people of the rural districts are alive to the advantages of the telephone and are making great strides in the number of exchanges and phones installed. The farmer with a telephone is at all times in position to keep posted on the markets of the country, and instead of having to make a trip to ascertain the price of any commodity which he desires to sell, can get it right in the privacy of his home.

JUDGE ROBERT C. BRICKELL

The Democrat this week carries the formal announcement of the candidacy of Judge Robert C. Brickell for judge of the eighth judicial circuit, which position he is now filling. Judge Brickell is well acquainted with the people of Limestone, having served this circuit for a number of years past in the capacity of circuit judge and he is highly regarded by lawyers and laymen as well. Judge Brickell is a son of the late Chief Justice Robert O. Brickell, a native of Limestone, and is a lawyer and jurist of much ability. He served the state as attorney general, later being appointed to a vacancy in this circuit. Six years ago he was elected by the people and his official record, his friends feel sure, is such as to warrant another term for him in the important place he serves.

The Democrat feels sure that Judge Brickell's friends in Limestone will rally to his cause and heartily support him in his present race for re-election. —Limestone Democrat.

ROAD BUILT TO GLACIER

(International News Service)

BOULDER, Colo., Feb. 10.—What is believed to be the largest body of perpetual ice in the United States is located at the head of the Middle St. Vrain canon, west of this city. The glacier is being made easy of access by improved roads to make it reachable in a day's journey on foot and horseback through the picturesque mountain passes.

Poultry Shipping Now Picking Up

Produce dealers announce that the movement of poultry and eggs is increasing at a rapid rate. At this season of the year there is always a culling out of the poultry and also an increased production noted in eggs. The hatching season is soon to be on hand, some fryers and broilers being brought to the markets at this time.

WOMAN'S ILLS MAKE UNHAPPY HOME

There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound under doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.—Advertisement.

A MILLION DOLLAR BABY

Naturally, those who see this heading expect to read about some "baby heir" of an American multi-millionaire, and they will be surprised to learn that such a description applies to a scientific pyorrhea preventative, tooth and mouth preparation, and they will doubtless wonder how such a product ever came to be spoken of as a "million dollar baby." So the story must be told. Over three years ago, the Research Department of the Rexall Company, in consultation with chemical specialists, began an exhaustive investigation into the disease Pyorrhea, and its proper treatment, and in their characteristic thorough way spent over two years before they perfected a compound which answered every test, according to their high standards. Such a remarkable demand has been created that they have named it "The Million Dollar Baby." Probably no preparation that is devised for use as a germ combatter was found so efficacious in preventing all contagious diseases that enter the system through the mouth and nose as Klezko Liquid Antiseptic. Especially it proved that users of it completely escaped all attacks of the flu when so prevalent last year. This Rexall product can be purchased in 25c. and 50c. special toilet bottles at

U. D. C.

Mrs. D. C. Almon was hostess at the regular meeting of the U. D. C. Thursday afternoon. The roll call was answered by topics of the day. The subject for the day was "Events of General Jackson's Life," and it was ably handled by Mrs. W. J. Garnett. A social hour followed when the hostess served delicious afternoon refreshments.

SPEND-THE-DAY PARTY.

Mrs. W. T. Lowe entertained the ladies of the W. M. U. of the Central Baptist church with a Spend-the-day party at her home on Ferry street today. A large part of the time was spent hemming table napkins for the Bridgeport Mountain school. A delightful lunch was served at noon by the hostess.

AUCTION BRIDGE CLUB.

Mrs. Eugene Morrow was hostess to the Auction Bridge club Thursday afternoon at the home of Mrs. W. H. Driskill. Mrs. B. Crawford received the club prize and Mrs. W. K. McNeill the guest, was presented a dainty handkerchief. Mrs. W. H. Driskill received the booby prize.

The next meeting will be held at the home of Mrs. E. N. Penick.

Mr. and Mrs. J. D. Martin, of Fairview, will leave tonight to visit their brother, Price Martin, in St. Louis.

Mr. and Mrs. John A. Thomason, Jr. have taken rooms with Mr. and Mrs. J. R. Thomas on Church street.

THURSDAY CLUB.

Mrs. James Johnson entertained the Thursday club this week. Bowls of narcissus were the decorations used in the rooms where the tables were placed for the game. A dainty valentine marked the places for each player. Mrs. Roy Billings and Miss Eleanor Harrison were the guests of the club. Mrs. Leroy McEntire was presented a boucior candle and holder as a souvenir for making top score.

Sauiches and a parfait course was served by the hostess, assisted by her mother, Mrs. Harrison, and Miss Harrison.

N. B. CLUB.

The N. B. club met at the home of Mrs. B. M. Bloodworth Thursday night. Miss Mabel Nesbitt was the only guest besides club members. After several hands of bridge, light refreshments were served. B. M. Bloodworth made high score and received the club prize.

Mrs. E. A. Beaven and daughter, Elise, of Evergreen, Ala., arrived last night and are the guests of Mrs. Virginia Pride, enroute to Nashville to attend the funeral of their uncle, G. M. Neely, whose remains will reach Nashville at 5 o'clock Saturday afternoon. Funeral services will be held at West End church Sunday afternoon. Mrs. Pride will accompany them.

Mrs. Fannie Wallace will leave soon to visit her son, William Wallace, in Texas.

Mrs. Rogers, of Pulaski, who has been the guest of Reed Rogers and her daughter, Mrs. E. C. Bell, returned to her home in Pulaski today.

Miss Toilette Buchanan is ill at her home on Sherman street.

THE MAN WHO LOOKS VIGOROUS

Good Red Blood is the Only Sure Foundation of Permanent Health and Vigor

Good color, bright eyes, solid flesh, erect bearing are dependent upon rich red blood. If your blood is not up to the mark your general health can not be. Late hours, eating the wrong foods, working indoors, fatigue, affect the blood. So many people eat well and take exercise, yet never seem to improve in health. Gude's Pepto-Mangan taken regularly for a while gives the blood that richness and redness that produces bounding health and vigor. It is a simple, natural way to get well and strong. Gude's Pepto-Mangan comes in liquid or tablets—at your druggist's.—Advertisement.

Miss Lucille Emmons, who is attending school at Athens college, will be the week-end guest of her sister, Mrs. Melvin Hutson.

Mrs. C. B. Saunders is spending the week-end with relatives in Birmingham.

Mrs. Hampton McConnell, of Dallas, Texas, is the guest of relatives here.

Mrs. William Connor left today for her home in Florence after a visit to Mrs. George Wallace.

Mrs. A. Polytinsky, of Hartselle, is the guest of relatives here.

Mrs. C. A. Krimbill and two children, who have been the guests of her parents, Mr. and Mrs. W. R. McGregor, will leave Saturday for their home in St. Louis.

Mr. and Mrs. R. B. Keltner and daughter, Charlotte, will leave Saturday for a few days' visit to Mr. Keltner's brother in Nashville.

Mrs. Arthur George's parents, Mr. and Mrs. McKaig, are visiting their daughters in Falkville.

Mrs. Earl F. Hargitt is very ill at her home southeast of town.

Mrs. Elizabeth Carpenter was called by wire to Atlanta, Ga., Thursday night on account of the serious illness of her mother, who resides there.

Mrs. W. L. Hatchett will spend the week-end in Nashville, the guest of relatives.

Mrs. Ernest Spain, of Birmingham, is the guest of Mrs. Will Mainard.

Mrs. P. S. Malone is reported improving after a short illness.

Mrs. Hewlett, of Tennessee, who is the guest of her sister, Mrs. Rose, is slowly recovering from an attack of influenza.

PERSONALS

Thomas E. Pride left Miami, Fla., Thursday afternoon for Nashville with the remains of his uncle, G. M. Neely, who died there Wednesday night.

Sam P. Kennedy, ex-president of the public service commission, was in the Twin Cities Thursday.

Clay Motes has returned to Athens after a visit to his son, Will Motes, in South Albany.

Benton Hatchett will spend Saturday and Sunday in Prospect, Tenn.

Dr. Omar Roan has taken apartments with Dr. W. A. Rickles on Jackson street.

W. A. McCalla, of Montgomery, a member of the state highway commission, was in the city Thursday.

Sam P. Kennedy, of Annapolis, former president of the Alabama public service commission, was a visitor to the Twin Cities Thursday.

Bob Fulford, a popular traveling man out of Birmingham, is in the Twin Cities today and talks interestingly of the complete restoration to health of their pastor, Dr. Geo. R. Stuart. Dr. Stuart, says Mr. Fulford, is now able to preach regularly and shows old-time power. Mr. Fulford is one of the official board of the First Methodist church of Birmingham, and says the church is taxed at each service to accommodate the large audiences.

For fine biscuits—just add a little milk or water

A SACK of Valier's Picnic Self Rising Flour saves a lot of embarrassment when company drops in unexpectedly. Just add a little milk or water, mix up some dough and put it in the oven. In less time than it takes to tell it you'll have a batch of the finest biscuits you ever put in your mouth. Order a sack from your grocer—you will find it economical.

Rheumatism at 60

S. S. S. Thoroughly Rids the Body of Rheumatic Impurities.

How glorious you will feel, mother, when your rheumatism is all gone. Let S. S. S. do it. It will build you up, too!

Somebody's mother is suffering tonight. The source of rheumatism has wrecked her body, limping and suffering, bent forward, she sees but the common ground, but her seed heart still belongs to the stars. Does anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never clears the stomach. It is in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight. Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Somebody, get a bottle of S. S. S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Body of Dead Man Is Reported Found

Coroner F. M. Hamilton is at Hartsville today being called there on the reported finding of a dead man in the Collins school house neighborhood on one of the public roads. The coroner after arriving at Hartsville empaneled a jury and went to the scene. The findings of the jury have not been received by The Daily and nothing is known here of the cause or incidents leading up to the death.

CHURCH OFFICIALS MEET

It was announced today by J. L. Carr that Bishop Jones and other leaders of the church will meet Monday night with pastors of the Huntsville district at King's Memorial church, negro, and an invitation was extended to all members of the congregation to be present.

JENNINGS RETURNS

E. P. Jennings, of Ocala, Fla., who after spending several days with friends here recently, later going to Athens, is the expected guest today of Judge John C. Eyster for a further visit. Mr. Jennings was a former postmaster of Albany and is remembered here by a large circle of friends and acquaintances.

PROCLAMATION OF KILBY PAYS TRIBUTE TO GENERAL GORGAS

Movement To Erect Memorial To Native Son Receives Support of Chief Executive

Governor Kilby has issued a proclamation to the citizens of the state of Alabama, to support the international movement to establish a fitting memorial to the late Surgeon General William Crawford Gorgas, a native son of Alabama, and the man responsible for the eradication of yellow fever from Panama, Cuba, and many tropical countries of the world. The Memorial Institute planned will be a research laboratory to be located at

Broke Up Housekeeping

"We had to break up housekeeping because of my wife's stomach trouble. No medicine did her any good for more than a few hours. On a visit to Oshkosh a friend praised May's Wonderful Remedy so highly my wife tried it and she has enjoyed the best of health since taking it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Advertisement.

Panama where preventive medicine will be studied for the purpose of eliminating from the earth all preventable diseases.

The first field branch of this institute will be located at Tuscaloosa, Alabama, where much of the history of the Gorgas family is to be found. Here sanitary engineers, sanitary nurses, and public health workers will be trained for work in the county units of the Southland, where their services are greatly demanded at the present time.

Governor Kilby's proclamation, presented to Col. Clarence J. Owens, director general of the Southern Commercial congress and chairman of the Southland division of the Gorgas Memorial campaign, is as follows:

"Whereas, the late William Crawford Gorgas, born in Mobile, Alabama, rendered a conspicuous service to humanity in the eradication of disease and in preventive methods now applied in healing to the people of the world, and

"Whereas, he won by meritorious labor the promotion through grades of rank in the medical corps of the United States Army, being retired after signal service during the world war as surgeon general of the United States Army with the rank of major general, and

"Whereas, Major General Gorgas was decorated by the great nations of the world for specific service in the work of health and sanitation, and

"Whereas, an international movement has been inaugurated for honoring the name of Gorgas and for the perpetuation of his great life work through the agency of the Gorgas Memorial Institute for Medical Research at Panama, and the Gorgas School of Sanitation at Tuscaloosa, Alabama, for the training of public health nurses officers and sanitary engineers and inspectors, and

"Whereas, the proposed Gorgas Memorial has the endorsement of the surgeon general of the United States government and the national and southern medical, surgical and affiliated bodies, and

"Whereas, the plans have been formulated for obtaining an adequate endowment, the income from which is to be used for the support of the research work at Panama and the practical health and sanitation training of the students at Tuscaloosa.

"Now, therefore, I, Thomas E. Kil-

by, governor of the state of Alabama, do hereby make proclamation of the foregoing plans to honor an Alabamian who has attained international renown, and ask your unselfish financial support, to aid in the permanent endowment of the Gorgas Memorial."

RHEUMATISM IS A SYNONYM FOR PAIN

A chronic sufferer from rheumatism once said that he had no fear of an after life, even though his conduct had been sinful, as he said that he had always been in hell. Rheumatism is marked by continuous dull pain, with occasional sharp spasms of great severity. Usually the joints are affected, swollen, red and tender.

The Chiropractic spinal adjustment for all forms of rheumatism is kidney place in combination with local adjustments to normalize the nerves leading to the affected parts, as for instance to the legs, if the legs are affected, or to the arms if the arms are the seat of pain. With normal nerve action disease disappears.

POLLY AND HER PALS

Kilby Would Call State Solons Together If Needs Authority To Operate the Aldrich Mines

(Montgomery Bureau, Albany-DeCATUR Daily)

MONTGOMERY, Ala., Feb. 10.—If the Montevallo Mining company will consent to the sale of its coal mines at Aldrich to the state, Governor Kilby will call an extra session of the Alabama legislature when it appears that additional authority is needed before the state can operate the mine. This declaration was made by the governor in a statement regarding the bankruptcy proceedings of the Montevallo Mining company, which was issued by the executive department late Thursday afternoon. Governor Kilby charged that glaring inaccuracies are shown in some of the financial statements of the company and that "the state of Alabama has either offered the bankrupt court \$100 for dollar on the value of the company's property or the Montevallo Mining company has been escaping taxation on a great proportion of its property, thus qualifying itself for full membership in the Alabama Tax Dodgers' League."

The statement compared the scheduled assets of the company as filed with the bankrupt court with the assets as listed for taxation as well as presented to a commercial agency. Governor Kilby said the statement filed with the bankrupt court under-

oath and the tax return indicated that the bankrupt statement was approximately correct, but that the company submitted to a commercial agency a statement placing a value of \$479,956.22 on the property which was turned in to the bankrupt court at a value of \$190,000.

Space At Premium For Exposition

The interest in the Tennessee Valley Industrial Exposition that is to be held here, beginning February 11th, is attracting large attention from all over the district. The application for space is being received daily, and it now looks that there will have to be more space provided than was anticipated in the beginning. Much raw material will be exhibited and those in charge are actively engaged in getting the exhibits arranged, as well as attending to other matters connected with the success of the enterprise.

CARLTON ANNOUNCES
MONTGOMERY, Ala., Feb. 10.—(Special)—Senator J. T. Carlton, who represented the twentieth senatorial district in the upper house of the legislature in 1919, 1920 and 1921, not-

fied the secretary of state today that he had become a candidate to succeed himself. Senator Carlton appointed himself as the person to receive and disburse all funds which will be used in his campaign.
